

Environmental Protection Agency Internet Information

EPA Region 2

While Freedom of Information Act (FOIA) requests will be honored by directly writing to Region 2, EPA provides an increasing amount of environmental media information, and other Regional activities via Internet at <http://www.epa.gov>.

Region 2 has provided a FOIA Web site <http://www.epa.gov/region02/foia/> with several online databases from which the environmental information can be retrieved.

- **"Frequently FOIAed Files"** Web site <http://www.epa.gov/region02/foia/fff.htm> covers RCRA and many other media Programs. Through this Web site, you can learn about each media Program, associated databases, and special points of interest. In particular, the ability to "directly download" all of the most commonly requested Region 2 Export Files (.xls) and Reports (.pdf) - all compressed for quicker downloading.

EPA Region 2 has established a **list of contaminated facilities** that are a high priority for cleanup in New York, New Jersey, Puerto Rico and the U.S. Virgin Islands. You can view each facility fact sheet at <http://www.epa.gov/region02/cleanup/sites/>

EPA- Headquarters

- **Envirofacts Data Warehouse** Web site <http://www.epa.gov/enviro/index.html> is a one-stop source to the environmental information. This Web site provides access to several EPA databases with information about environmental activities that may affect air, water and land anywhere in the United States.
- **"My Environment"** Web site <http://www.epa.gov/myenvironment> is a powerful tool that provides a wide range of federal, state and local information about environmental conditions and futures in an area of your choice.
- **The Enforcement and Compliance History Online (ECHO)** Web site <http://www.epa.gov/echo/> provides a list of all inspections and enforcement under most of the environmental statutes.
- **Right-To-Know Network (RTK Net)**, a non-EPA Web site <http://www.rtknet.org/> on-line query engine provides free access to numerous databases and resources on environment.
- **National Biennial RCRA Hazardous Waste Report** Web site <http://www.epa.gov/epaoswer/hazwaste/data/biennialreport/index.htm> provides documents and data on hazardous waste reports.
- **Conditionally Exempt Small Quantity Generators** Web site <http://www.epa.gov/osw/hazard/generation/cesqg.htm> provides information on Conditionally Exempt Small Quantity Generators.

Mr. David Abrines
USEPA-Region II
Permits Administration Branch
26 Federal Plaza, Room 505
New York, New York 10278

Dear Mr. Abrines:

Please find enclosed a signed copy of the EPA Notification of Hazardous Waste Activity form. This form is being submitted on behalf of Dart Industries (Dart) to obtain an EPA hazardous waste generator identification number for Dart's former facility at 101 Railroad Avenue, Ridgefield, New Jersey. The facility is currently owned and operated by Colorite Plastics Company.

Dart completed the sale of its Ridgefield, New Jersey facility in 1984, and an Administrative Consent Order (ACO) was signed by Dart to cleanup the site in accordance with the New Jersey Environmental Cleanup and Responsibility Act (ECRA). The facility already has an EPA identification number that is currently being used by Colorite Plastics Company. The new EPA identification number will be solely used to manifest the hazardous waste that will be generated during the implementation of the ECRA cleanup activities. Furthermore, the new number will be delisted upon receiving a negative declaration from the New Jersey Department of Environmental Protection (NJDEP).

Per our telephone conversation on May 23, 1990, the block and lot numbers, for the area from which the hazardous waste will be generated, are indicated on the application form. This will allow the EPA to assign a new temporary EPA identification number to the facility.
